

**2003 - 2004 Criteria to Meet CIM Endorsement Requirements**  
**SOCIAL SCIENCE**

| <b>Social Science</b>           | <b>Benchmark 1</b> | <b>Benchmark 2</b> | <b>Benchmark 3</b> | <b>CIM Benchmark</b> |
|---------------------------------|--------------------|--------------------|--------------------|----------------------|
| School Work Samples             | N/A                | N/A                | N/A                | N/A                  |
| State Knowledge and Skills Test | N/A                | 215                | 231                | 239                  |
| State Performance Assessment    | N/A                | N/A                | N/A                | N/A                  |

**NOTES:**

- ◆ Student accountability will be available in the 2003-2004 school year.
- ◆ Districts *may* request to have schools participate in knowledge and skills testing in the area of Social Science at grades 5, 8, and 10. Schools, through the School District Test Coordinator, must request test materials if they would like students to participate in the spring testing window.
- ◆ Although work samples are not required to meet state standards in Social Science during the 2003 - 2004 school year, work samples can be scored using the official state scoring guide. Performance standards will be established in the fall of 2003.
  - Question: Frame the Event, Issue, or Problem
  - Collect and Compare: Research
  - Analyze: Examine
  - Justify: Conclusion
